Continuation of Attachment(s) 9. Other: See attached form entering after final amendment (Dated 12/17/2010)

REASONS FOR ALLOWANCE

This is a notice of allowance in response to applicant's after-final claim amendments (filed on December 17, 2010) cancelling all subject matter not previously allowed.

1. Claims 1, 3-4, 10, 12-13, 15, 17, and 19 are allowed.
2. The following is an examiner's statement of reasons for allowance: Kihara (JP 03-281329) the closest prior art on record teaches a stereolithographic method which forms a 3-D object using a planar plotting mask which can be moved as well have the mask image changes simultaneously in order to form a 3D object in which there are no defect lines (boundary defect). Kihara does not expressly teach wherein the light intensity generated by the mask is continuously changed and equalized so that the resin layer that is cured is cured with the same intensity at all points which are projected by the mask. In addition, Kihara does not expressly state wherein adjacent overlapping of curved layers or staggering the position of the plotted light intensity will attenuate possible defects in adjacent plotted layers..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
